Medallion Hunt Starts July 10th

The **Harvey County Independent's** annual Old Settlers medallion search begins this week.

The first clue is in today's edition of your newspaper. The prize for finding the medallion is \$75. In order to receive the full prize amount, the person finding the medallion must present the medallion and also must have purchased an Old Settlers button.

"The last few years, we've written the clues and hidden the medallion so that the medallion has been found the week of the Old Settlers event, which brings a good bit excitement for the hunt. It's fun to see people out searching for the medallion and it brings heightened awareness for Old Settlers," said Independent publisher Robb Reeves.

Clues will be printed weekly in The Independent. If you find the medallion, bring it to the Independent's office.
